

ARTIST SUPPORT SERVICES

You're an artist, all you want to do is create and play your music, but there are so many other factors involved it can be overwhelming...you know it's in your best interest to learn every aspect of this industry. The more you know; the better prepared and protected you are.

Most artists learn as they go, sometimes this means having to endure embarrassing, unforeseen problems. I'm not going to lie and say we can make those go away, but, we've probably encountered them before and know how to handle them. From dealing with venues and promoters, local crew and other acts on the same bill, there are a lot of personalities and egos involved. We can navigate the choppy waters, so you'll know how to do it yourselves.

Contracts, riders, tech specs, budgets, merch, settlements, etc. We have templates for every scenario and can have you so well prepared, you'll be ready for whatever comes.

Your 'other life' doesn't just stop when you're on the road, sometimes it's very difficult to juggle all the balls in the air; pay your rent, file your taxes, etc. We can help with that too.

The goal is to teach you everything you need to know, so that as your star rises and you hire people to take care of the mundane, you have the benefit of knowing how things are supposed to run and can make the right hiring choices
